2010 Annual Report

In my position as President-Elect for the calendar year 2010, I have fulfilled the following duties.

There was much discussion about using organization websites to disseminate information. Many expressed concerns about membership participation and difficulty getting members to serve on their BOD.
 - Highlights at the Conference for me included:
 - Launching the CoC Rapid Quality Reporting System (RQRS)
 - Adding Value to Annual Reports and Other Data Analysis Requests
 - Understanding and Interpreting the 2010 Staging Rules
 - Preparing for a NAPBC Survey
 - CSv2 site specific meetings

As I move into the ICRA President role, I have prepared a set of goals and objectives to be presented at the Transitional BOD meeting at 2010 Fall Conference. My plan is also to share these goals with the ICRA members and move again with change. There is an excitement about making a difference in the Cancer Registry field in the State of Indiana.

2010 Audit of 2009 Treasury
September 10, 2010 BOD Meeting

After thoroughly reviewing the documented budget and expenses for the activities of ICRA during 2009, I have found that the members have done an extraordinary job of staying with their budgetary goals, spending wisely and planning the 2009 ICRA Fall Conference in a fiscally responsible manner.

Documents reviewed:

1. Committee Travel expenses to BOD meetings and other related activities
2. Subcommittee expenses
3. 2009 Conference costs – budget planning versus actual expense
4. Committee invoices and reimbursement
5. Savings and checking account activity

This organization has grown exponentially in every way and has both saved and demonstrated responsible expenditures.

The documented ledger provided to me reflects a balanced budget as well as savings and checking account management.

This report was verbally submitted to the BOD members on September 10, 2010 during the quarterly meeting.

Respectfully,

Gail Henderson, LPN, CTR
ICRA President-Elect

Position//Committee title: Liaison – American Cancer Society

Officer or Committee Chair: Patricia O'Leary, RHIT CTR

Committee Members:

Purpose of Position/Committee: To create a working relationship between the American Cancer Society and the Indiana Cancer Registrars Association.

Charges/Goals/Accomplishments: It is the goal of ICRA to make sure that the American Cancer Society becomes familiar with the Indiana Cancer Registrars Association and that the organizations work together in joint ventures.

The American Cancer Society has been working very hard to create Community Outreach programs. The membership can benefit from these programs by partnering with the ACS.

Due to budget cuts, many local offices of the American Cancer Society have been closed. The good news is there are representatives assigned to your facility who can help you. They can provide literature, help with workshops, and even serve on your Cancer Committee.

Recommendations for Next Year: Keep working with the American Cancer Society and continue to collaborate with them on community outreach projects.

Position/Committee Title: Liaison – Indiana Health Information Management Association

Officer/Committee Chair: Patricia O’Leary, RHIT CTR

Committee Members:

ICRA will also participate as a vendor in the annual IHIMA meeting in the spring.

This year the Spring Conference was held in Plainfield, IN. A booth was set up. Information about the Cancer Registrar profession was available. I was not able to attend the entire conference but the booth was stocked with information that could be taken by the attendees.

Recommendations for next year: Having representation at the IHIMA Spring Conference is a good opportunity for ICRA. This forum is a great opportunity to let everyone in the medical record field know what a cancer registrar does and how much knowledge is required to become a CTR.
